

Tipperty to Ellon Surfacing and Barrier works

Aberdeen Roads Limited in corporation with Balfour Beatty Regional Civil Engineering (BBRCE) will be surfacing stretches of the busy trunk road immediately to the north of Tipperty.

The work, which will take place at night, will begin on Sunday 13 September and will last until Sunday 18 October.

A mixture lane closures and 10mph convoy system will be in force during the work, which will run from 8pm to 6am daily.

We have planned these works to be undertaken overnight when traffic flows are lower to minimise disruption to local and visitor traffic.

Aberdeen Roads Limited, BBRCE and Transport Scotland wish to thank the local community in advance for their patience during these essential works.

Should you have any specific concerns or require further information contact 0800 028 1414 (24 hours) or by email at enquiries@aberdeenroads.com.
